

# COBB TESTER

Model : HT- COBB

*hi*-COBB is a simple but useful COBB Tester manufactured by HIRANYA INSTRUMENTS keeping in mind the Quality conscious customers. *hi*-COBB is designed for Manual Method for determining the Water & Oil Absorption characteristics of Paper, Boards & Corrugated sheets. Ideal Instrument for QA or QC check. Operator Friendly design makes it easy to use instrument.

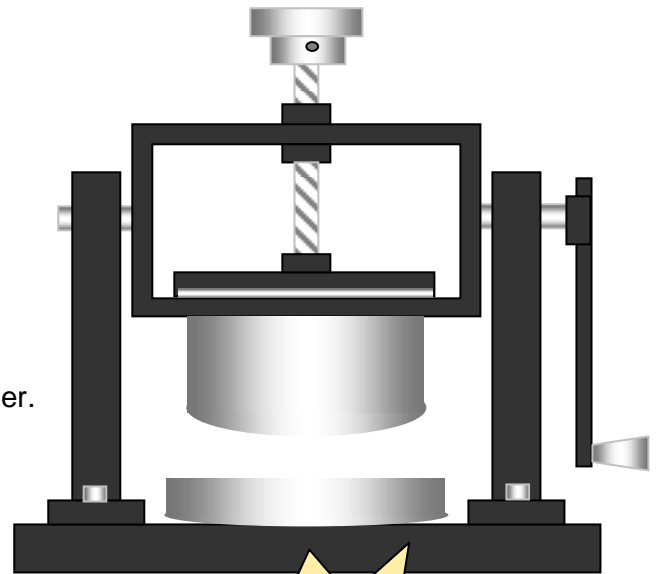

## Application

Water & Oil Absorption characteristics of,

- √ Paper
- √ Boards
- √ Corrugated sheets.

## Features

- Rugged Construction
- Non-corrosive Water Retention Chamber.
- Powder Coated Body
- S Couch Roll (10Kg Roller type)
- Good for measuring COBB INDEX for
  - Paper (60 / 120 sec test )
  - Board (30 minutes Test )
- Tilting Arrangement
- Spillage-Free Design

**SPILLAGE  
FREE  
DESIGN**

## Specification

Test Area	: 100 cm <sup>2</sup>
Measuring Cylinder	: 100 ml
Tilting Device	: Manual
Timer	: Stop Watch (Optional)
Weighing Balance	: Digital with 0.01 gm resolution (Optional)
Standard	: TAPPI T 441
