

COMPRESSION TESTER

Model : HT- RCF

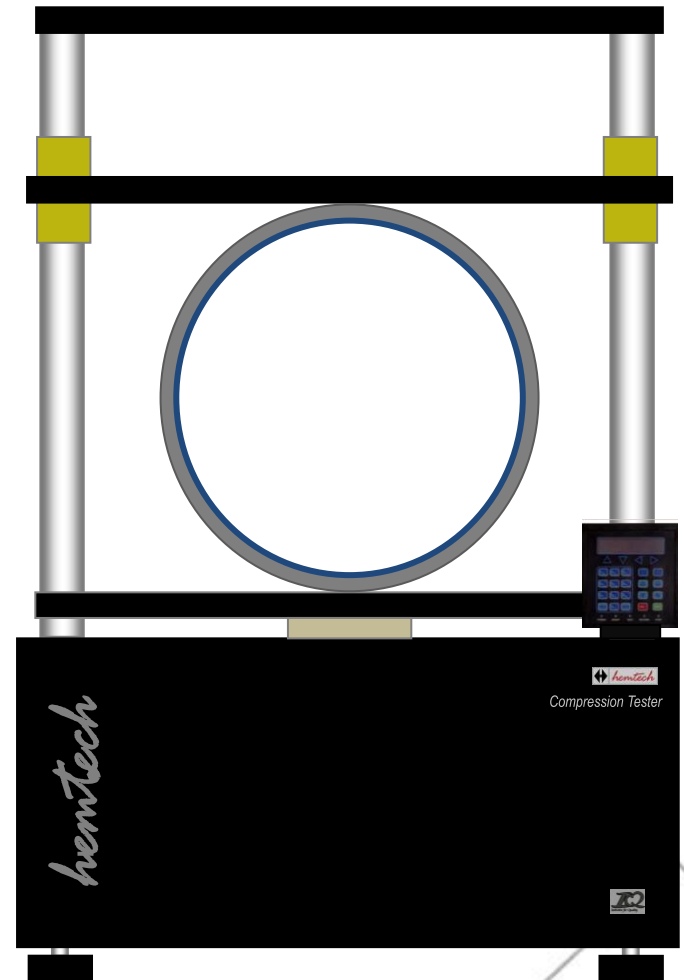

HT-RCF is simple to use Digital Compression Tester. Easy to operate system makes it ideal solution for performing test on Pipes for Ring Stiffness, Ring Flexibility & Creep Ratio. Digital Display and key board helps in easy setting up and testing..

Application

For measuring
Ring Stiffness,
Ring Flexibility &
Creep Ratio
For Polymer Pipes

Features

- Floor Standing
- Micro-controller based
- Setup for Measuring,
 - ✓ Ring Stiffness
 - ✓ Ring Flexibility
 - ✓ Creep Ratio
- Console with 2 X 16 large backlit LCD Display & Keypad
- PC Interface

Mounting	: Floor Standing
Capacity	: 3000 Kg
Possible to Test	: Ring Stiffness Ring Flexibility Creep Ratio
Maximum Sample Size	: 1100 mm OD
Drive	: Servo Drive
Resolution	: 0.01 mm
Electrical Supply	: 2 Phase, 415 V AC

Windows based • Menu Driven • Control and Data Acquisition • Report and Graph Printing facility
